FOR IMMEDIATE RELEASE

AMTC Automatic Faucets receive IAPMO Certification for ASME A112.18.1-2005/CSA B125.1-05 and California AB1953

WOODLAND HILLS, CA (March 2010) - AMTC HYBRIDFLO® faucets are now listed by IAPMO (International Association of Plumbing and Mechanical Officials) under “Plumbing Supply Fittings” as complying with the applicable requirements of ASME A112.18.1-2005/CSA B125.1-05 and Certified to AB1953 California Lead Free Law. California AB1953 is the new lead free law (effective January 1, 2010) where all faucets are required to be manufactured with less than 0.25% lead content. A similar law S152 was also passed by the State of Vermont.

About AMTC

AMTC is a leading manufacturer of advanced plumbing systems and water conservation devices for commercial applications. The company specializes in “touch-free” electronic flush valves, urinal and commercial toilet systems, electronic faucet systems, and electronic soap dispenser systems. All of AMTC’s electronic plumbing systems utilize its proprietary Micro-Cam Technology as a more reliable alternative to solenoid technology usually found in most competitor systems.
