AMTC Becomes Member of the U.S. Green Building Council (USGBC)

WOODLAND HILLS, CA (December 2006) - AMTC joins the U.S. Green Building Council (USGBC) and plans to contribute innovative ideas to the concept of "building green" and to the development of water efficient products. For more information on the USGBC visit www.usgbc.org.

About AMTC

AMTC is a leading manufacturer of advanced plumbing systems and water conservation devices for commercial applications. The company specializes in "touch-free" electronic flush valves, urinal and commercial toilet systems, electronic faucet systems, and electronic soap dispenser systems. All of AMTC's electronic plumbing systems utilize its proprietary Micro-Cam Technology as a more reliable alternative to solenoid technology usually found in most competitor systems.
