

# FOAMFLO™ AUTOMATIC FOAM SOAP DISPENSER SYSTEM

**NEW!**

Model: ASD-500

FOAMFLO™ automatic foam soap dispenser system is the most efficient and cost-effective non-proprietary universal refill foam soap system on the market. The spout is built of high quality solid polished brass. Its unique design allows for easy installation and conceals all mechanical and electrical components within the dispensing head. A universal refillable soap container makes FOAMFLO™ ideal and economical for every application.

## SYSTEM BENEFITS:

- Eliminates the need for expensive proprietary cartridge refills, thus reducing post-consumer waste by as much as 57%.
- Dispenses economical non-proprietary foam soap refills available on the open market. Provides savings of 80% or more versus proprietary cartridges. Return on investment (ROI) averages one (1) year.
- Non-proprietary universal refillable foam soap bottle
- Ideal counter mount system dispenses rich foam soap
- Easy to install and maintain
- Battery operated or AC power options
- Solid brass spout designed to withstand vandalism
